

Seminar	University	Professor/email	Title	Date
1	University of València	Yelko Rodríguez Carrasco, yelko.rodriguez@uv.es	Riesgos químicos en los alimentos. Evaluación de la seguridad alimentaria	18-mag-22 ore 15
2	University of València	Lara Mañes Font, lara.manyes@uv.es	Ingredientes funcionales y micotoxinas	20-mag-22 ore 10 aula riunioni
3	Albanian University	Erda Qorri, e.qorri@albanianuniversity.edu.al	Bioavailability and biological equivalence	25-mag-22 ore 15
4	University of Naples “Federico II”	Silvia Savastano, silvia.savastano@unina.it	Sindrome dell'ovaio policistico e Nutraceutici	30-mag-22 ore 15
5	University of València	Josefa Tolosa Chelós, josefa.tolosa@uv.es	Obtención de nutracéuticos a partir de subproductos de cereales	07-giu-22 ore 15
6	University of Alicante	Isabel Sospedra López, isospedra@ua.es	Nutraceuticos en el embarazo: una visión internacional	14-giu-22 ore 15
7	University of Campania “Luigi Vanvitelli”	Severina Pacifico, severina.pacifico@unicampania.it	Nutraceutica e radioprotezione	27-giu-22 ore 15
8	University of Naples “Federico II”	Michela Grosso, michela.grosso@unina.it	Interplay between gut microbiota, nutrient metabolism and host epigenetic regulation: a new landscape for biomedical research	05-lug-22 ore 15
9	Instituto Politécnico de Bragança	Maria Inês Dias, maria.ines@ipb.pt	Bio-based ingredients and functional foods: development, application, and social importance	12-lug-22 ore 15
10	University of València	Cristina Juan García, cristina.juan@uv.es	Bioactive compounds and functional foods in neurological damage	20-lug-22 ore 15
11	University of Rome “La Sapienza”	Cinzia Ingallina, cinzia.ingallina@uniroma1.it	NMR based methodologies to study complex matrices: from foods to biological fluids: PART 1	20-set-22 ore 15
12	University of Rome “La Sapienza”	Mattia Spano, mattia.spano@uniroma1.it	NMR based methodologies to study complex matrices: from foods to biological fluids: PART 2	27-set-22 ore 15
13	University of Campania “Luigi Vanvitelli”	Giuseppe Spaziano, giuseppe.spaziano@unicampania.it	New pharmacological approaches for respiratory inflammatory diseases: Nociceptin/orphanin FQ (N/OFQ) as a novel target for asthma treatment	03-ott-22 ore 15
14	University of Campania “Luigi Vanvitelli”	Donato Cappetta, donato.cappetta@unicampania.it	Nutraceutica e prevenzione cardiovascolare: ruolo del resveratrol	19-ott-22 ore 15
15	University North	Predrag Putnik, pputnik@alumni.uconn.edu	Trends in chemometrics in food chemistry studies	08-nov-22 ore 15
16	University of Zagreb	Danijela Bursać, dbursac@pbf.hr	Innovative technologies for extraction of bioactive compounds and their applications in functional food development	22-nov-22 ore 15
17	University of València	Sergi Maicas, sergi.maicas@uv.es	Implementation of antibiotic discovery by student crowdsourcing through a service-learning strategy	14-dic-22 ore 15
